

## INPUT ALREADY RECEIVED FROM THE UKPIPS COMMUNITY

As stated at the beginning of this leaflet, UKPIPS does not endorse or recommend any insurer, broker or the policies they offer. However, from time to time, those in our community do tell us of good service they have received when seeking and obtaining insurance - and the two companies shown below may also be worth contacting. Please let us know if you have had good service from any other company not shown in this leaflet, if you think this information will help others.

## YOUR BANK OR BUILDING SOCIETY

Since we last published this leaflet, many in our Community Membership have told us they have received very affordable and comprehensive cover from the travel insurance facility that is often 'bundled' with the Current Accounts offered by banks and building societies.

By all means seek quotations from the companies listed in this leaflet for comparison purposes and then ask your bank what it can offer.

Of course, you may also find the cover you want at a price you can afford by visiting the price comparison websites on the internet.

**IF YOU DECIDE TO CONTACT ANY OF THESE COMPANIES FOR AN INSURANCE QUOTATION, PLEASE MENTION AT THE START OF YOUR CONVERSATION THAT YOU OBTAINED THEIR CONTACT DETAILS FROM THIS UKPIPS INSURANCE LEAFLET.**

## INSURANCE ISSUES

From time to time, patients contact us for information about insurance cover - informing us they have been declined cover because of their Primary Antibody Deficiency (PAD) or Primary Immune Deficiency (PID). We therefore felt it sensible to create an insurance leaflet to provide helpful information to anyone who has experienced the same difficulty.

**UKPIPS** has no financial interest (commission on sales) or any other relationship with these firms and we suggest you ask for a written quotation before making a final decision about who will provide your cover. Additionally, **UKPIPS** makes **no** claims as to the efficacy, scope and/or price competitiveness, reliability, financial stability or any other integrity benchmark for the companies listed in this publication. We have discussed the needs of the **UKPIPS** community with these organisations and they are aware of the insurance needs of people living with a Primary Antibody Deficiency or other Primary Immune Deficiency. If you find the companies we've listed meet your requirements, please let us know. Equally, if you know an insurer **not** mentioned here, but who has given you excellent service, we'd be delighted to hear about that too, so their details can appear when this publication is next updated.

## HOME, LIFE, MOTOR & TRAVEL Insurance

**Unique** offers specialist insurance products and financial services for those living with pre-existing medical conditions and disabilities.

**Travel insurance** - there are no upper age limits on single trip policies and annual policies are available too. **Unique's** established service has helped many people get cover when they couldn't elsewhere. It also gives you a choice - either Platinum or Gold - providing varying levels on areas like cancellation and baggage, according to which may best suit your needs.

**Life assurance** - Because we never know what the future holds, life assurance cover from **Unique** could help bring you the peace of mind you're looking for. Plans available include level and decreasing term insurance, mortgage protection and family income benefit.
